**Crystal Bowersox**  
**Healing through Music**

American Idol Runner-Up Crystal Bowersox is now a singer songwriter with a passion for healing people through music. Her love for music developed at an early age from her need to find peace in a chaotic world. Through art and creation, music has always been her most effective form of catharsis. Ultimately, Bowersox auditioned for the ninth season of American Idol. Crystal's time on the show proved to be well spent, as she immediately left the soundstage for the recording studio in 2010, releasing her debut album, "Farmer's Daughter" on Jive Records. Since her introduction to the world, Crystal has released 3 LPs. Additionally, she has used her voice and talents to benefit several causes close to her heart, and has become an inspiration and advocate for people living with Type 1 Diabetes.
